

Apollo Area Business Association

Scholarship Application

Deadline for submission April 30th

SCHOLARSHIP CRITERIA

The AABA may provide a scholarship award at the discretion of the Board of Directors in an amount to be determined annually. The AABA scholarship award for 2020 is \$1000 and the deadline for submitting application is **April 30th**. The following criteria for the scholarship award is established by the AABA Board of Directors, subject to revision, and delegated to the AABA Scholarship Committee to present:

1. The scholarship award will be presented to a graduating senior or recent graduate of Apollo-Ridge High School.
2. The scholarship award will generally be provided on a one-time basis to any individual.
3. The AABA Scholarship Committee will provide the Apollo-Ridge High School Guidance department with an application, which must be completed by students interested in the scholarship and submitted by the stipulated deadline.
4. Applications will be evaluated by the AABA Scholarship Committee with input from the Apollo Ridge High School Guidance department counselors.
5. Criteria for the scholarship award will be based on the following:
 - a) Student-applicants must be accepted into a four-year college/university **OR** two-year program of post-secondary education. Verification of such acceptance shall accompany the AABA scholarship application.
 - b) Other considerations for the scholarship award will include: the student-applicants' record of academic achievement, community service, personal achievement, activities, and personal conduct record.

If applications from student-applicants admitted to an established four-year college program are limited in number or found lacking in any manner, the Scholarship Committee may in its discretion provide a scholarship award to a student-applicant accepted into a two-year program or trade school.

- c) The scholarship will be awarded on a nondiscriminatory basis without regard to race, gender, religion, ethnicity, disability, or financial resources.
- d) Children, grandchildren and siblings of members of the AABA Board of Directors are ineligible for the AABA scholarship award.
- e) The scholarship award will be made payable to a college or university on behalf of the student-applicant unless their tuition, room and board, and other required fees are fully paid by other scholarships and/or financial aid. Should this situation arise, the scholarship award will be paid to the student-applicant for other expenses such as books and/or transportation.
- f) If the student-applicant does not matriculate as intended within the subsequent academic year, the scholarship award may be provided to an alternate student-applicant, or the AABA may defer the scholarship award for good cause.
