September 10, 2019

Parents/Guardians,

Lenape Technical School Administration was notified that a student had possible contraband in their vehicle, which was located on school property that violated our student code of conduct. Upon a search of the vehicle, the contraband was found which was secured immediately with the cooperation of our Manor Township Police School Resource officer. The contraband included ammunition, however no firearms were present. At no time, were any students or staff in danger nor was the student threatening violence. The student and family cooperated fully with both Lenape Tech's administration as well as Manor Township Police Department.

I would like to reiterate that no students or staff were in any danger at any point nor were any threats made against students, staff, or the school.

Lenape Technical School believes in transparency and understands during this day and age, especially with social media, how important it is to get information to our parents/guardians. Throughout this process, we have cooperated and relied on Manor Township Police to help with the investigation. While we cannot comment further on the situation, please know that we take the safety of all students, staff, and visitors at Lenape Tech seriously.

Respectfully,

Wesley P. Kuchta  
Administrative Director  
Lenape Technical School
